IMPORTANT:

The Durulite Evolution XLS270 Door is manufactured to the dimensions of the "Finished Opening" provided by the customer. Due to the tolerances established for Widths & Heights, the customer must provide accurate dimensions of the opening. Please verify that all measurements taken, and all dimensions given on this form are correctly entered. Production and Calculated Lead Times will not begin on your order until this form is signed and returned to Chase Doors Customer Service Department. By Signing this form you are approving the Model, Dimensions, Options & Quantity entered on this document. Therefore you assume full responsibility for the purchase price of the doors that are ordered on this form and are currently in production.
